August 31, 2011

Dear School Administrator:

The Mungenast Automotive Family, together with the KlaasKids Foundation for Children, is sponsoring the 15th Annual KlaasKids Child Safety Day on Saturday October 15, 2011 at four Mungenast locations, including: Mungenast Hyundai, St. Louis Honda, St. Louis Acura and Alton Toyota-Scion.

The KlaasKids program allows parents to have their child's picture and fingerprints electronically produced, in case of any future emergency. Child Safety Day also gives parents the opportunity to create a nine-point plan on what to do if their kid disappears, learn about child-friendly safety tips and receive a DNA collection kit. There is no data basing at this free event. Parents retain the *only* record of the visit.

To continue making this event a success, we need your help. With your permission, please distribute copies of the attached take-home flyer to parents. Again, KlaasKids Child Safety Day is free to the community, and no data basing is involved. Parents retain the *only* record of the visit. To participate, please complete the enclosed authorization form and return by fax as soon as possible (no later than September 8th), or feel free to call me at 314-288-2928.

We would like for this to be a community-wide event. Your center's participation is most welcome and appreciated. With your support of this program, our group has been able to ID approximately 9,000 children. We hope to continue to build on this number in years to come.

Our community has witnessed the disappearance and recovery of children, both local and nationwide. KlaasKids Child Safety Day gives us the tools to educate and protect our children. Thank you for your consideration and help. If you have any questions, please feel free to call me, or simply return the attached authorization form as soon as possible (no later than September 19). Fliers will be delivered to you no later than October 8, 2011.

Sincerely,

Sean McLean
Marketing Manager
